

Marktree Cabernet Sauvignon Merlot 2013

Quintessentially Australian, the Marktree range offers consistent quality, hugely appealing, commercial wine styles that have gained a loyal following. Reflecting the very best of regional Australia, these wines capture ideal climatic conditions and pure varietal definition.

A classic blend sourced from high altitude vineyards in the Victorian Alps. The cooler temperatures produce wines with elegance and refined structures rather than the bigger jammy flavours from warmer irrigated areas.

The Merlot is fermented in temperature controlled stainless steel to maintain the fresh fruity flavours whilst the Cabernet Sauvignon component is barrel aged in American oak to add a little richness and complexity to the blend. Perfect for BBQ's or with simple pasta and pizza dishes.

Awards & Press: 'Lovely broad dark plum with dollops of cream, this is very savoury with nice, stalky ripe tannins,' said Richard Graham of Cooks . 'With its juicy, fruity palate, this will be very food friendly,' added Hakkasan's Christine Parkinson. 'Very Parisian bistro. And at this price, bring it on,' said an enthused Tim Wildman MW of Winetec. (Sommelier Wine Awards 2013, Judge).

Producer: Boutinot Australia

Winemaker: Ronny O'Blair
