

Adobe Gewurztraminer 2015

Stunning New World Gewürztraminer, a delight to drink and amazing value - you should try this! The nose has jasmine tea notes with a touch of lychee. On the palate there are bright floral and mineral nuances with a lingeringly spicy and exotic finish. Stunning wine, the absolute essence of Gewürztraminer.

With prime vineyards in Casablanca, Maipo, Rapel and Bio-Bio and access to the newest and best clones in Chile, Emiliana is a very substantial and impressive organisation. Emiliana is one of the world's most important producers of Organic and Biodynamic wines. They have a total of 997 hectares under vine of which 923ha are certified organic. As South America's largest organic producer, their spectacular vineyard and winery at Los Robles has the added benefit of being biodynamic and features the sensory delights of roaming alpacas, dung heaps and dynamised biodynamic mixtures to treat the vineyards.

The Rapel Valley lies with the Pacific Ocean to the West, to the east the Andes Mountains, and to the south the province of Colchagua. The climatic characteristics of this valley include frost-free springs and warm summers that allow the grapes to ripen well. The grapes were hand-picked and carried in bins starting the last week of April, when they reached the desired ripening. Perfect with Asian and Thai food, any highly spiced dishes or a delicious aperitif.

Producer: Emiliana

Winemaker: Felipe Nuno

Country of Origin: Chile
